

## Clean for Green Summer Youth Employment Program

Started in the summer of 2012, the goal of Clean for Green is to give Far Eastside youth a positive opportunity to make money over the summer months. The Far Eastside Action Committee partnered with churches & community groups to organize a neighborhood cleanup.

- Open to students ages 14 to 18
- Students earn their own money, clean up their community, engage with mentors, learn life skills and receive breakfast and lunch.
- Indy churches provide volunteers to serve as supervisors and mentors.
- Donations are being accepted to help expand Clean for Green across Indy.
